

Rhythm Bank 2

Crotchet Rests (Quarter Rests)

Here are some rhythms for you to clap, this time featuring both the **crotchet** (quarter note), **quaver** (eighth note) and the **crotchet rest** (quarter rest)!

Cat: quick quick quick quick slow ssh! slow slow slow ssh!

Mouse: slow quick quick ssh! quick quick quick quick slow quick quick slow

Fish: slow ssh! quick quick quick quick quick quick ssh! ssh! quick quick

Activities

- 1) **Clap** and **say** the rhythm names of the cat line, then the mouse line, and then the fish line.
- 2) **Clap** and **say** two lines at a time, with one person clapping one line and the other clapping another. Then swap over!
- 3) **Pluck** the notes on your violin, then play the rhythms again as a duet (each person takes a different line). If there are more than 2 people, play all 3 lines at the same time (this is called a 'trio').
- 4) **Create** alternative words to fit the rhythms. Use any words you like!
